7. Statement (Continue on Form 2569 if additional space is required)

I believe I was denied a schedule change because of my physical disability. I am a limited duty clerk who is not allowed to work my assigned limited duty assignment on my tour. I became a problem for management when they was unable to place me in my limited duty assignment. So, in order to resolve this problem, management begin to harass me and deny me my requests for a schedule change, in an attempt to force me off of limited duty.

In February of 1999, I was denied my third requested for a schedule change, while an other clerk requested for a schedule change was approved. I was never given a reason why my schedule change was denied.

Management did not accommodate me for a year at the time I requested accommodation, as you can by my copy of my request slip. I am aware of two other clerks on limited duty who have received a schedule change for two years or more. Ms. Brook and Ms. Collosi were given a schedule change for two years or more. Clerk Irenal Collosi was given a tour change for two years or more. She is white. The only reason I can think of why their request was approved and mine was denied is because they have less seniority than I ???

My physical disability is carpal tunnel. My disability makes me limited in the jobs I am able to do, but it does not interfere with my ability to do the jobs in the area I am assigned to. I did not request a difference tour or difference job. only a later time.

Yes, I requested reasonable accommodation. I am not allowed to work my assigned job on my tour only. I even offer to swap time with the woman named in my original complaint, who wanted an earlier reporting time. We both work the same job.

I did not ask for accommodation out side of my limited duty clerk job. The accommodation I requested was within my existing position. The other two clerks were accommodated

I am seeking restatement of my leave I use for the period I was denied a schedule change.

Yes, I am seeking compensatory damages for the time I loss because of my illness, medical expenses, and pain and sufferance.

My injury consisted of me being hospitalized in intensive care for two days, me being treated for depression, hair loss, a stomach ulcer, and a digestive disorder.(which is on going)

I was denied a schedule change at the time I needed it the most, because of the crisis I was having at home. By denying me this schedule change I was put under more stress. If that was not bad enough, I was harassed by management almost every day. (see included documentation) " harass or denied "

The health care professional who stated that the condition was cause by the Postal service are the doctor that treated while I was in the hospital. He was the first person to question me about stress on my job and if I was under a lot of stress (Dr. Magno) one the general practitioner that was treating me at the time (Dr. Purcell) and my psychiatrist (Dr. Martin)

My illness begin in December of 1998, but the cause of my illness was not determined until I was taken to the hospital while at work on May 26, 1999. The doctor in the emergency room request that I have a stress test done because of my blood testes. I was then referred back to my doctor at John Hopkin medical center There I had more test done to rule out any other cause for my illness In August of 1999 After all of my testing was completed, I was then referred to a psychiatrist at pathfinder.
